Alitherm Heritage

Timeless *Elegance*

With its signature slim profiles and sight lines, our Alitherm Heritage range is the ideal solution for those undertaking a renovation, replacement, extension or new build project. If you're wishing to replace or refurbish in a Victorian or Art Deco style or recreate the look in a more modern setting, Alitherm Heritage provides a modern light weight, high strength and cost effective alternative to traditional steel window and door systems.

Key features:

- Light weight cost effective alternative to steel
- Sleek and elegant slim lines that emulate an Art Deco finish
- Wide range of traditional complementary hardware
- Available in a vast array of colours, textured finishes and dual colour options, with different colours inside and out
- Polyamide thermally broken aluminium profiles for enhanced thermal performance
- Double or triple glazed options achieving u-values up to 1.4 w/m²k
- High security multi-point locking
- Specifically designed to meet the stringent requirements of planning in sensitive heritage situations
